Chapter 1 – General provisions

§ 1-1. Definitions

Coursework requirement – Compulsory assignment or other requirement, which must be submitted or fulfilled according to further rules, for the student to be permitted to take an examination.

Part of an examination – One of several examinations that give an overall assessment of one and the same course.

Examination – An assessment of the student's knowledge, skills and competence. The result of the assessment shall be included on the diploma or transcript of records, or be counted in a grade on the diploma or transcript of records.

Course – The smallest unit that gives credits.

Candidate – A person that takes an examination.

New/postponed examination – Examination that is arranged for students who failed the regular examination or had legitimate absence from the regular examination.

Regular examination – Examination that is arranged when the teaching in the course or part of the course is completed.

Rector – Refers to the person who at any given time holds the position as the Rector. In cases where it is not specified that the Rector himself or herself must exercise authority, the authority may be delegated by the Rector.

Study plan – A description of a study programme, regardless of whether the study programme consists of one or more courses and regardless of whether the study programme is regulated by national curriculum regulations or not. Study plans are revised annually.

Credits – Measure of the scope of a study programme, in which a full academic year is equivalent to 60 credits.

Study programme – A study consisting of one or more courses, with defined content according to the study plan, that leads to a completed assessment, degree or vocational training.

Admission to a course or specific programme of study – Rights related to being admitted as a student to a study programme and having status as student. The right to take part in all teaching, supervision, practical training etc. of the studies that the student is admitted to.

Individual education plan – Plan for carrying out a study programme entered into by the university college and the individual student.

Assessment – Feedback that is given a student on his or her performance in a course, that leads to a grade.

§ 1-2. Relation to other laws and regulations

- (1) If these Regulations are in contravention of the provisions of the national curriculum regulations in force, the national curriculum regulations shall apply prior to these Regulations.
- (2) If these Regulations are in contravention of the Act relating to universities and university colleges, the Act shall apply prior to these Regulations.

Chapter 2 – Admission

§ 2-1. Application deadline

- (1) For application to studies that the Norwegian Universities and Colleges Admission Service organises the admission to, national deadlines are set by the Ministry. The Rector sets deadlines for admission to studies with local admission.
- (2) For application to studies with local admission, the university college may make a new announcement with a new application deadline if there are few qualified applicants when the application deadline expires. The new application deadline shall be set by the Rector. If there is a

new announcement, all qualified applicants that applied within the regular application deadline, shall be offered admission.

- (3) All diplomas, certificates and other relevant attachments must accompany the application to studies with local admission. A separate deadline is set for forwarding attachments from education that is to be completed during the current semester.

§ 2-2. Admission and ranking for bachelor's studies

For admission and ranking for bachelor's studies, regulations set by the Ministry shall apply.

§ 2-3. Admission and ranking for workplace-based Early Childhood Teacher Education

- (1) For admission and ranking for Workplace-Based Early Childhood Teacher Education, regulations for admission to bachelor's studies set by the Ministry shall apply.
- (2) The applicant must have a minimum of 2 years of work experience as assistant, skilled worker or Child Care and Youth Worker in Early Childhood Education and Care institution, and be employed in such position at the time of the application. 2 years of work experience means either
 - a. full-time for 2 years, or
 - b. part-time which in sum corresponds to 2 years of full-time, or
 - c. a combination of full-time and part-time which in sum corresponds to 2 years of full-time
- (3) Application for admission to Workplace-Based Early Childhood Teacher Education must be sent to the Head Teacher of the Early Childhood Education and Care (ECEC) institution where the applicant is employed. The Head Teacher sends the application to QMUC. If there is more than one applicant from an Early Childhood Education and Care institution, the Head Teacher must submit a ranking list of their applicants based on priority. A binding agreement between applicant and employer must be attached to the application.
- (4) The Rector sets the application deadlines for each academic year.

§ 2-4. Admission and ranking for master's studies

- (1) For admission and ranking for master's studies, regulations set by the Ministry shall apply.
- (2) For admission to a master's programme that builds on a lower degree, the applicant must have:
 - a. completed a bachelor's degree or similar, and
 - b. passed a minimum of 80 ECTS credits within the subject area of the relevant master's degree, specified in the study plan for the master's programme, and
 - c. met other admission requirements stated in the study plan for the master's programme.If there are more qualified applicants than number of places, the applicants are ranked as described in § 2-7
- (3) For admission to master's programmes that QMUC offers in collaboration with other institutions, the study plan gives information about who is responsible for the admission. The admission is carried out according to criteria for admission at this institution.
- (4) For admission to master's programmes, the Board may set quotas for qualified applicants. A quota is a fixed number of places or a fixed share of the number of places in the admission, reserved for students that fulfil further requirements.
- (5) If quotas are applied, the criteria for belonging to the quotas and the size of the quota(s) shall be communicated to the applicants. If not all the places in a quota are filled up, the rest of the places are transferred to applicants that do not fulfil the criterion for the quota.

§ 2-5. Admission and ranking for further education courses at bachelor's level

- (1) For admission to further education courses that are subject to national curriculum regulations, the admission requirements stated in the national curriculum regulations shall apply.
- (2) For admission to further education courses that are not subject to national curriculum regulations, Higher Education Entrance Qualification is required. In addition, specific entrance requirements for the relevant further education course may be stated in the study plan.
- (3) If there are more qualified applicants than number of places, the applicants are ranked as described in § 2-7.

§ 2-6. Admission and ranking for further education courses at master's level

- (1) For admission to further education courses that are subject to national curriculum regulations, the admission requirements stated in the national curriculum regulations shall apply.
- (2) For admission to further education courses that are not subject to national curriculum regulations, completed bachelor's degree or similar is required, with a minimum of 80 ECTS credits within the subject area of the relevant further education course. In addition, specific entrance requirements for the relevant further education course may be stated in the study plan.
- (3) If there are more qualified applicants than number of places, the applicants are ranked as described in § 2-7.

§ 2-7. Criteria for ranking for local admission

- (1) If there are more qualified applicants than number of places, the applicants are ranked according to the following criteria:
 - a. Applicants with bachelor's degree or other education equivalent to 180 ECTS credits that is recognized as basis for admission are ranked on basis of a weighted average of all the examinations included in this education, and subsequently the amount of relevant work experience after completing the admissions criteria.
 - b. For applicants with cand.mag. degree, general teacher education or other education that is equivalent to more than 180 ECTS credits, the ranking is based on a weighted average of examinations in 180 ECTS credits. Subject, course or course group equivalent to a minimum of 80 ECTS credits or integrated education equivalent to a minimum of 120 ECTS credits shall be included in the basis for ranking. Besides, the examinations that give the most favourable result for the applicant are chosen.
- (2) Weighted average refers to the average of all the grades on the diploma weighted in relation to the number of credits of each course. The following table shall apply to conversion of grades:

Points	5	4	3	2	1
Grade	A	B	C	D	E
Grade	1.0–2.2	2.3–2.5	2.6–2.7	2.8–3.0	3.1–4.0
Grade	S	Mtf/Mg	Tf/G	Ng	Lg

§ 2-8. Prior learning and work experience

- (1) Applicants who are 25 years old or older in the year of admission and who do not have Higher Education Entrance Qualification, may be given admission to a specific study programme if they,

based on prior learning and work experience, have the necessary qualifications for this study programme.

- (2) Students who are admitted based on prior learning and work experience may be given limited admission.

§ 2-9. Reserved place on a programme of study

- (1) The allocated place may, upon application, be reserved until the next admission if weighty reasons exist.
- (2) The application is considered by the Rector. The application must be sent not later than 3 weeks after having been offered the place.
- (3) The need for postponed start of studies must be documented.

§ 2-10. Conditional offer of admission

- (1) The university college may, upon application, give conditional offer of admission in cases where the applicant lacks part or parts of the admissions criteria.
- (2) The condition for such an offer is that the circumstances are beyond the applicant's control, and that the lacking examination or examinations must be documented as completed and passed during 1st semester.

§ 2-11. Transfer

- (1) One may apply for transfer from a study programme at another higher education institution to an equivalent study programme at QMUC, beyond the Norwegian Universities and Colleges Admission Service or local admission. A specific application form shall be used for this application.
- (2) Transfer beyond the Norwegian Universities and Colleges Admission Service or local admission may occur when the 1st year of study at another bachelor's education is completed, at the earliest. The transfer will then apply from the first subsequent autumn semester.
- (3) The applicant must be registered as an active student or have valid leave of absence from another higher education institution at the time of application.
- (4) There must be places available in the study programme and the year in the academic progression that the student applies for transfer to.
- (5) The applicant shall be qualified for admission to the next year, which he or she applies for transfer to.
- (6) Transfer applicants may not demand individual adaption of the study due to lack of correspondence between how the study is organised at the institution they apply from, and the current organisation of the study at QMUC.
- (7) Application for transfer is only considered if it has been received within 1 March.

§ 2-12. Withdrawal of a study programme

A study offer that is not comprised by the Norwegian Universities and Colleges Admission Service may be withdrawn even though there are qualified applicants, if there is not a sufficient number of applicants or if there are not academic or economic resources to give a satisfactory offer.

§ 2-13. Applicants with background outside of the Nordic countries

Applicants with educational background from countries outside of the Nordic countries must fulfil language requirements according to the Regulations concerning admission to higher education § 2-2.

§ 2-14.

One may apply for admission to single courses. Applications are considered consecutively by criteria described in the relevant study plan. Admission to single courses grants rights only to the given course, including permission to take examinations.

Chapter 3 – Studies

§ 3-1. Admission to a course or specific programme of study

- (1) Admission to a programme of study or course grants rights in correspondence with study plan or course description.
- (2) Admission is attained when the student has accepted a place in the programme of study or course, confirmed the individual education plan and paid a fixed fee within the given deadlines.
- (3) The Rector may grant students the right to participate in teaching and to take examination in courses that are not part of the study programme the student is admitted to.
- (4) Students who have completed a study programme are permitted to take examinations in order to improve grades within one year after the study has been completed. The access presupposes that examination in the course is still arranged.

§ 3-2. Termination of admission to a course or specific programme of study

- (1) The admission is terminated when
 - a. the student has completed the study and has been issued a diploma or other document that confirms that the study has been completed
 - b. the student himself or herself confirms that he or she withdraws from the study
 - c. twice the nominal length of the study has passed, regardless of whether the student has completed the study or not
- (2) When calculating the duration of the admission according to point c, the following shall not be counted in:
 - a. leave of absence cf. § 3-6
 - b. suspension

§ 3-3. Loss of admission to a course or specific programme of study

The admission may be declined in cases when:

- a. the student has not paid the semester fee or other required fee, according to a fixed deadline
- b. the student has not confirmed the individual education plan, according to a fixed deadline
- c. the student has used all his or her attempts to take examination in a course
- d. the student does not pass his or her second attempt in a practical training course
- e. the student neglects to submit original documentation or diploma when this is requested
- f. it is obvious that the student due to other reasons will not be able to complete the study

§ 3-4. Study progress

- (1) In studies that include practical training, the practical training in the relevant academic year must be passed before the student may continue to the subsequent academic year.

- (2) The study plan may state requirements for a given study progress before the student may continue to the subsequent academic year.

§ 3-5. Individual education plan

- (1) All students shall enter into an agreement regarding the individual education plan. The student shall confirm the individual education plan every semester.
- (2) The individual education plan may be changed upon agreement between the student and the university college.
- (3) If a student cannot follow the defined progress of the study, he or she is obliged to contact the university college to change the individual education plan.

§ 3-6. Leave of absence

- (1) The Rector decides upon the application for leave of absence.
- (2) Application for leave of absence in connection with childbirth or adoption is considered according to the rules of the Act relating to universities and university colleges that are in force at any given time.
- (3) Up to 1 year leave of absence may be granted when it is applied due to other weighty reasons than childbirth or adoption.
- (4) A student must have participated in the study before he or she may apply for leave of absence.
- (5) A student who wishes to take examination during the leave of absence must pay semester fee for the semester in question.
- (6) A student who has been granted leave of absence has the right to resume his or her studies at the level in the education corresponding to that attained prior to the leave of absence, on condition that the education is still offered.

§ 3-7. Knowledge of guidelines, regulations and other

- (1) The student is obliged to make himself or herself familiar with guidelines, regulations and handbook for practical training that are in force.
- (2) The student is obliged to pay attention to the learning platform and the relevant sources of information in order to stay updated during the study.

Chapter 4 – Degrees

§ 4-1. Bachelor's degree

The degree of bachelor is achieved based on completed bachelor's education equivalent to 180 credits according to the study plan.

§ 4-2. Master's degree

The degree of master is achieved based on completed master's education according to the study plan.

§ 4-3. Requirement of connection

At least 60 of the credits included in the basis for a degree must be completed at QMUC.

§ 4-4. Award of new degree

In cases of recognition of education that has previously been included in the basis of calculation for a degree or part of a degree, the student must in addition have completed a minimum of 90 new credits before a new degree may be awarded.

Chapter 5 – Examination

§ 5-1. Forms of examination

Multiple-choice examination – Individual. Examination with invigilation, consisting of questions with alternative answers.

Home examination – Individual or in a group. The examination questions are handed out at a given time and one must submit an assignment based on these questions within a given deadline.

Portfolio examination – Individual or in a group. One submits one or more portfolio items for assessment.

Oral examination – Individual or in a group. One answers examination question(s) orally to an examination committee. This may also be done digitally via e.g. video transmission. This form of examination is not testable.

Practical examination – Individual or in a group. An examination in which the candidate(s) are assessed based on a practical act like e.g. a performance. This form of examination is not testable.

Assignment – Individual or in a group. A text on a given topic, written during one or more semesters. The topic or question will normally be described in an assignment specification. This includes bachelor's thesis, master's thesis and project assignment, among other things.

Written school examination – Individual. One writes an answer paper with invigilation, on or outside of the university college's premises. This may also be done digitally.

§ 5-2. Right to take an examination

- (1) In order to be permitted to take an examination, the student must:
 - a. be admitted to a course or specific programme of study and
 - b. have paid the relevant fees and
 - c. have registered for assessment within the given deadlines and
 - d. have passed the relevant coursework requirements, including compulsory attendance, if relevant, and
 - e. have passed required prerequisite knowledge, if relevant
- (2) In cases of improvement of grades, the candidate registers for the parts of an examination or examinations that are relevant. The candidate must pay a special examination fee before permission to resit the examination may be given.
- (3) In order to be permitted to take an adjusting oral examination, the student must have passed the last preceding written examination. This requirement also applies in cases of improvement of a grade.
- (4) Examination in a course shall be offered up to one year after it is no longer offered teaching in the course.

§ 5-3. Registration for and withdrawal from examination

- (1) The student is himself or herself responsible for registering for examination in accordance with the rules in force at any given time. As the student confirms the individual education plan on Studentweb, he or she is automatically registered for the examinations that are included in the individual education plan for the relevant semester.
- (2) Deadline for withdrawal from examination is two weeks before the examination starts.

§ 5-4. Legitimate absence

- (1) As legitimate absence counts documented illness or other documented compelling reason for absence.
- (2) Documentation of legitimate absence must be received by QMUC not later than 3 working days after the examination started.
- (3) The student is registered with “failure to attend the examination” in the following cases:
 - a. the student does not attend the examination within the given deadlines
 - b. the student does not submit the answer paper within the given deadlines
 - c. the student does not submit the answer paper in accordance with the regulations for submission of examination in force

§ 5-5. New/postponed examination

The following students have the right to take a new/postponed examination:

- a. students who have legitimate absence from the first regular examination that he or she is permitted to take
- b. students who are given the grade “fail” at the first regular examination in the course
- c. students who, due to student exchange or part-time studies arranged by QMUC, have not been able to take the examination when the regular examination in the course was held
- d. students who, due to postponed practical training, have not been able to take the examination when the regular examination in the course was held
- e. provided that new/postponed examination must be held regardless, students who wish to improve a previous examination result

§ 5-6. Number of attempts

- (1) A student may present oneself for the same examination a maximum of three times. This limit also comprises equivalent examinations when a course changes its course code. The limit also comprises the result “failure to attend the examination”.
- (2) The number of attempts at the same examination follows the student also if he or she is given a new admission to a course or specific programme of study.
- (3) The Rector may, upon application, grant a fourth examination attempt when the student can make plausible that he or she will pass the attempt at the examination.

§ 5-7. New/postponed assignment

- (1) This provision only applies to examinations with the form of portfolio examination or assignment.
- (2) When regular examinations are held, all students shall submit in accordance with the conditions and approaches that apply to this examination.

- (3) In cases where the result of the assessment of the regular examination is fail, the candidate may submit a revised answer paper. The right to submit a revised answer paper applies only to the subsequent new/postponed examination.
- (4) A new assessment of the master's thesis or bachelor's thesis is not permitted within the same programme of study in cases where the student previously has had his or her thesis assessed as passed.
- (5) Appeal about the grade for the master's thesis that is assessed based on both written and oral examination may be presented within three weeks after the examination result is announced. In cases where the result is changed, a new oral examination is held in order to set the final grade.

§ 5-8. Language and form of Norwegian

- (1) Examination questions that are given in Norwegian shall be given in both forms of Norwegian. The exception is examination questions with the purpose of assessing the candidate's knowledge of Norwegian.
- (2) Students may apply for submitting their answer paper in English. The application must be sent to the examination office within the application deadline for individual adaption.

§ 5-9. Examination support material

- (1) Permitted examination support material shall be defined in the course description in the study plan.
- (2) The candidate is obliged to orient himself or herself about which support materials that are permitted for each specific examination.
- (3) Use or possession of illegal support materials in connection with taking an examination is considered as cheating or attempt at cheating c.f. § 5-17.

§ 5-10. Location of the examination

- (1) The location of the examination is normally the university college's own premises or other suitable premises in Trondheim.
- (2) Students who will carry out parts of the study abroad and who wish to take examinations in QMUC's courses must, as a main rule, do this while they are residing in Norway.
- (3) Students may, upon application, be granted to take examination at another university college or university. The application shall contain contact information of the external educational institution. The application deadline is the same as the deadline for individual adaption. The student must himself or herself cover any costs that the external educational institution claims. The student must pay a fee to QMUC for the additional cost of the examination arrangement.
- (4) Students at other educational institutions may apply for using QMUC as location for examination. If the application is accepted, the student must pay a fee per examination and allowance for invigilator.

§ 5-11. Individual adaption

- (1) The student may apply for individual adaption of examination by filling out a special form within the deadlines that apply at any given time. Exception of a deadline may be made only in those incidences where it can be documented that the need for individual adaption occurs after the deadline has passed.

- (2) The application must include documentation from an expert authority. The documentation should contain a description of the need for individual adaption.
- (3) The individual adaption must not lead to a reduction of the academic requirements of the examination.

§ 5-12. Grades and grading system

- (1) The grading system consists of two grading scales. One scale with the grades pass and fail and a graded letter grade scale from A to E for pass and F for fail.
- (2) For the graded scale, the following qualitative descriptions shall apply:

Letter	Description	General, qualitative description of assessment criteria
A	Excellent	An excellent performance, clearly outstanding. The candidate demonstrates excellent judgement and a very high degree of independent thinking.
B	Very good	A very good performance. The candidate demonstrates sound judgement and a high degree of independent thinking.
C	Good	A good performance in most areas. The candidate demonstrates a reasonable degree of judgment and independent thinking in the most important areas.
D	Satisfactory	A satisfactory performance, but with significant shortcomings. The candidate demonstrates a limited degree of judgement and independent thinking.
E	Sufficient	A performance that meets the minimum criteria, but no more. The candidate demonstrates a very limited degree of judgement and independent thinking.
F	Fail	A performance that does not meet the minimum academic criteria. The candidate demonstrates an absence of both judgement and independent thinking.

§ 5-13. Examiners

- (1) The Rector appoints and approves examiners. External examiners are normally appointed for a period of 3 years.
- (2) There shall be at least two examiners in examinations that due to their nature are not testable.
- (3) There shall be at least two examiners, of whom at least one is external, involved in assessment of master's thesis. In addition, in each programme of study, external examiner shall be involved in minimum one examination per year of progression, in addition to internal examiner.
- (4) In order to hold the position as external examiner, the person must, in addition to being academically qualified, fulfil the following criteria:
 - a. is not employed at the university college
 - b. has not been employed at QMUC during the academic year the relevant examination belongs to
 - c. has not taught or supervised in the relevant programme of study during the academic year the relevant examination belongs to
- (5) Examiner's guidelines or proposed solving of the examination questions shall be prepared in connection with assessment of all written examinations except multiple-choice

examinations. The examiner's guidelines or proposed solving of the examination questions shall be available for the examiner before the assessment starts, and available for the students at the announcement of the grades.

§ 5-14. Announcement of grades

- (1) Deadline for announcement of grades is 15 working days after the examination date. Deadline for announcement of grades for master's thesis is 30 working days after the examination date.
- (2) The grades shall be available for the students not later than the first working day after the deadline for announcement of grades. The student is responsible to make himself or herself familiar with the announced grades.

§ 5-15. Explanation of grades

- (1) For examinations that are not testable due to their nature, request for explanation must be made immediately after the grade has been communicated to the student. Deadline for requesting explanation of grades for other examinations is one week after the announcement of grades.
- (2) The explanation shall normally have been given within two weeks after the student has requested it.
- (3) The examiner himself or herself chooses if the explanation shall be given orally or in writing.

§ 5-16. Appeal

- (1) Appeal about formal errors must be sent to the examination office within three weeks after the examination date.
- (2) Appeal about grades must be sent to the examination office within three weeks after the announcement of grades.
- (3) In cases of request for explanation, the deadline for appealing about the grade runs from the point of time when the student has received the explanation.
- (4) Appeals are considered according to the rules of the Act relating to universities and university colleges that are in force at any given time.

§ 5-17. Cheating and attempt at cheating

- (1) Cheating and attempt at cheating are considered according to the rules of the Act relating to universities and university colleges that are in force at any given time.
- (2) Cheating is to act in breach of the guidelines for examination and compulsory coursework requirement, or in the course of study in general. Examples of such incidences are:
 - use or have available other examination support materials than the ones permitted for this specific examination
 - plagiarism, presenting other's work as one's own
 - self-plagiarism, presenting one's own earlier work without reference
 - nonregulation collaboration between candidates or groups
 - unlawfully having gained access to examination
 - in other ways having acted in a way that can unlawfully give advantages in examination, coursework requirement or the course of study in general
- (3) The Rector initiates a case if there is suspicion of cheating or attempt at cheating.

- (4) The student is permitted to participate in the appeals committee to clarify his or her case when it is under regular consideration.

Chapter 6 – Practical training

§ 6-1. Number of attempts

- (1) A student may carry out the same practical training period maximum twice. This limitation includes equivalent practical training periods, also when a course changes its course code.
- (2) The number of attempts at the same or equivalent practical training period follows the student also if he or she is given a new admission to a course or specific programme of study.

§ 6-2. Practical training place on special grounds

- (1) Practical training place on special grounds may, upon application, be granted based on documented, weighty need for:
 - a. Students who have children at the age of ECEC or primary school, and who are sole carers.
 - b. Students who, due to medical or other reasons, have the need for special placement in practical training. The need must be documented through medical certificate or documentation from another expert authority.
- (2) Practical training place on special grounds comprises only ECEC institutions that QMUC has regular agreement with.

§ 6-3. Assessment

- (1) The practical training period shall be assessed in writing as pass/fail according to expected learning outcome and assessment criteria for the relevant academic year, and shall reflect the student's level and development. The grade is awarded based on qualified, professional discretion.
- (2) An individual midway assessment shall be made. The assessment shall be written and be based on the learning outcome descriptions and the assessment criteria as they are concretised in the study plan.
- (3) If it, during the practical training period, arises doubt if the student will reach the stated assessment criteria, and if there is a danger that the student will not get his or her practical training period approved, the practical training teacher has the obligation to notify the practical training supervisor at the university college as soon as possible. The practical training supervisor assists the practical training teacher in the assessment, and the practical training teacher gives the student written notice. In collaboration with the practical training supervisor, the practical training teacher initiates strengthened supervision in order to give the student an opportunity to improve the effort.
- (4) If the grade "fail" is proposed, it will be summoned a decision meeting in which the Rector, practical training teacher, practical training supervisor, leader of practical training and Head Teacher, if relevant, participate. The student shall be given the opportunity to give a written statement before the meeting is held. Final assessment when the proposed grade is "fail" is decided by the Rector.
- (5) Students can fail the practical training even if he or she has not received notice about this at the midway assessment.

- (6) If the student does not complete a practical training period, the result is registered as “fail”.
- (7) Deadline for withdrawal from the practical training period is two weeks before the practical training period.

§ 6-4. Absence

- (1) Requirement of compulsory attendance during the practical training period shall be stated in the study plan.
- (2) Exemptions from the requirement of compulsory attendance cannot be made.
- (3) When the practical training is interrupted due to documented illness for a longer period of time or other weighty reasons, the practical training period may be assessed as not valid attempt.

§ 6-5. New practical training period

Students who have failed their practical training have the right to get a new attempt. The student normally carries out the new practical training in the same period as the regular practical training is arranged for the next year group.

§ 6-6. Postponed practical training period

For students who have been granted postponed practical training, the practical training office makes individual agreements with the student.

§ 6-7. Appeal

Appeal about formal errors regarding the practical training period must be sent to the practical training office within 3 weeks after the appealed circumstances were known to the student.

Chapter 7 – Diploma and transcript of records

§ 7-1. Diploma

- (1) For a completed degree, a diploma is issued according to the rules of the Act relating to universities and university colleges that are in force at any given time. The diploma states the type of degree and which studies the student has completed. The diploma is issued in Norwegian.
- (2) In order to be issued a diploma from QMUC, a minimum of 60 credits must be completed at the university college. Up to 30 credits completed at universities or university colleges outside of Norway may be included in the minimum of 60 credits that are required as completed at QMUC.
- (3) If the education is given in collaboration with other institutions, it shall be stated on the diploma.

§ 7-2. Transcript of records

Students who terminate their education without a completed degree, may on request get a transcript of records for the courses they have passed.

§ 7-3. Diploma Supplement

Diploma Supplement is a supplement to the diploma that gives a further description in English of the student's education, learning outcome and of the Norwegian higher education system. When a degree is completed, a Diploma Supplement shall also be issued.

§ 7-4. Duplicate

The diploma is issued only once. A duplicate of the diploma may be issued upon application and against a fee. The fee must be paid before the duplicate is issued.
